

RAVEN Download Enhancement and Financials Security Pages

On Monday, February 6, 2012 several enhancements became available in RAVEN Financials Inquiry and eUM Financials. Brief descriptions and links to additional reference materials follow.

RAVEN Financials Inquiry Download Enhancement

- A **Column Selection link** was added to 3 pages. The link allows basic Project data to be selected for addition to the Results Grid. The data can then be downloaded with financials data if desired.
- Pages Affected: Grants-Summary (only when displayed by Project only) Grants-Standard, Grants-Deliverable,
- For more detail on using this feature, see the RAVEN UPK tutorial at
 - https://devfinweb.umaryland.edu/upk/player/?search=col_sel or
 - navigate to the UPK from myUM Portal and follow **RAVEN > Using RAVEN Financial Inquiry Pages > Adding Demographic Data to Grants Results**

eUM Financials UMB User Security Page

- Two new pages have been added to eUM Financials: **UMB User Security** and **UMB Role/Department Security**. The pages will be useful in maintaining access to Projects owned by a department(s).
 - UMB User Security produces a view of the user's security access to Financials.
 - UMB Role/Department Security produces a list of Financials users by Role(s) or by Owner Department.
- **NEW** Financials role required for access: Department Administrator. The role was automatically assigned to those who held access to the HRMS version of the security pages (Dept Administrator or Dept HR Rep). Any others who require access to the Financials page must request the role (<http://www.umaryland.edu/cits/forms/>).
- To locate the pages in eUM Financials navigate to **UMB Utilities > UMB Security Views >** choose UMB User Security or UMB Role/Department Security
- For more detail on using this feature, see the eUM Financials UPK tutorial at
 - https://devfinweb.umaryland.edu/upk/player/?search=fn_sec or
 - navigate to the UPK from myUM Portal and follow **eUM Financials > Viewing Financials Security Access**
