NIH New Award Example

Workflow for New NIH Awards

Award Received via email by SPA and SPAC simultaneously and is available to view in the NIH Commons.

SPAC reviews Award Document and information in Coeus Institute Proposal (IP) to obtain data for award set up in eUMB.

After SPAC sets up award in eUMB, an email notification is sent to SPA & Departmental Distribution List (including Coeus IP #, Project ID(s), and eUMB Award ID #).

At this time, chartstring information can be obtained by accessing Grants Projects View in eUMB.

After SPA enters award into Coeus Award, an email notification is sent to Departmental Distribution List with the Coeus Award record number.

At this time, award documents and associated data are available for view in the Coeus Award record.
