General Accounting

**Equipment/Asset Tags:**

Equipment/Asset tags will be delivered to departments. General Accounting will contact departments to schedule a delivery time. **It is the responsibility of the departments to tag their equipment timely** and to promptly return the tag certification forms to DL-BFGeneralAccounting@umaryland.edu.

Reminder: Equipment/assets purchased using UMB funds, including those purchased using personal funds and subsequently reimbursed to the individual, are the property of UMB.

What is a Non-Capital Asset?

- **Non-Capital Asset (NCA):**
  A Non-Capital Asset is equipment or other physical asset with an acquisition cost of $1,000 or more but less than $5,000 per unit and with a useful life greater than one year.

- **Designated Non-Capital Asset (DNCA):**
  DNCAs are a subset of NCAs that require additional stewardship such as documentation showing assignment to UMB employees or Affiliates. Generally, DNCAs are desirable, easily converted to personal use, and susceptible to theft. Typically, these assets are not fixed to a permanent structure and can be easily removed or carried. Examples include laptops, tablets, audio/visual equipment, and NCAs located in a residence.

DNCAs must be recorded in the Employee Equipment Acknowledgment Form (EEAF) System. Navigate to the EEAF System by clicking on the Office of the Controller-Financial Services website and selecting the EEAF link listed under the General Accounting section. Click [here](#) for additional information on capital and non-capital assets.

Read the [UMB Policy VIII-1.10(A) on Non-Capital Assets](#) and the related [Procedure](#) for detailed requirements and additional information.

**Equipment/Asset Inventories:**

Equipment/Asset inventories will resume in October, 2021. Additional details will be sent to departments in September, 2021.
