2. Overview of Study Participant Payments: Definitions and Structure
2a. What is a Research Study Participant?
A Research Study Participant (RSP) is

A living individual (aka human subject) about whom a Principal Investigator conducting research obtains:

1) Data through intervention or interaction with the individual or

2) Identifiable private information.
2b. UMB Offices with Responsibilities in Research Study Participants
Partial List of UMB Constituents

Office of Research and Development:
• Clinical Trials and Corporate Contracts
• Sponsored Programs Administration

Office of Accountability and Compliance:
• Human Research Protections (HRP) Office
• Institutional Review Board

Administration and Finance:
• Office of the Controller (Formerly known as Financial Services)

Finance

For Finance, “Research Study” refers to

• A study that has been approved by the Institutional Review Board (IRB)

and

• Recorded as Restricted Funds
  (e.g. Source C30 series: 315, 335, etc.)
How Finance Works

UMB is a hybrid model:

• State institution funded with State funds
• Research-intensive funded with sponsored funds

Therefore, UMB must comply with State regulations and with research requirements.
How Finance Works

All funds are deposited into the State bank account.

- Tuition and Fees
- Parking
- Grants & Contracts
- Etc.
How Finance Works

Two ways to access the funds:

1. Invoice – request to pay a third party supplier
2. Reimbursement – request to reimburse a supplier for funds spent on behalf of UMB

Upon submission of acceptable documentation to the State, the State will issue payment to the recipient.
How Finance Works

The State requires sufficient documentation that supports the goods or services provided to UMB. Certain charges (e.g. taxes) and certain expenses (e.g. gifts, personal) are unallowable.
Funds are held in the State of Maryland Bank Account

On behalf of UMB
2d. How Research Study Participant Payments Work
How RSP Payments Work

Research study participants are unique in that they are not typically reimbursements and they do not invoice UMB for their “services.”
How RSP Payments Work

• Payments must comply with State regulations concerning invoice payments (i.e. purpose, expenses must be allowable, etc.).

• This is why the documentation accompanying RSP requests must be complete and accurate.

• For example, the payment request must be within the timeframe stated on the accompanying grant documents, amounts and payment schedule must match the consent form, etc.
How RSP Payments Work

• A check issued by the State can take up to 3 weeks after the payment is sent to the State by UMB.

• UMB has been approved by the State of Maryland to issue payments to RSPs through the UMB Working Fund so that UMB can pay RSPs timely.

• The UMB Working Fund is an “advance” from the State to pay RSPs.
How RSP Payments Work

• Most RSP payments are processed through the UMB Working Fund.

• The UMB Working Fund is a special M&T Bank account.

• UMB Working Fund checks are processed and printed by Disbursements in the Office of the Controller (OOTC-D).
How RSP Payments Work

Payments to RSPs out of the UMB Working Fund M&T Bank Account are replenished from the State Bank Account on a regular basis. Therefore, State requirements apply.
Summary of the Workflow

- UMB Departments
- OOTC - Disbursements
- State of Maryland
  - RSP (Checks made payable to RSPs)
  - UMB Working Fund (Replenishment)
2e. Accounting Principles
Accounting Principles

Accounting principles require that expenses are recorded when incurred.

RSP expenses are not incurred until the payment is actually made to the RSP.

- Checks made payable to RSPs: The expenses are considered incurred when the check to an individual is processed, whether the request is for a Working Fund check or a State check. Recorded in expense object 3130 Participant Study Pay - Individual.
Accounting Principles

• For RSPs who receive cash or gift cards, the expenses are incurred when the RSP receives the cash or gift card.

• When cash or gift cards are used, object 7062 is used to “hold” the funds until disbursed to the RSP.

Also, UMB cannot invoice for F&A until expense is incurred.
Accounting Principles

Object 7062 – Study Participant Pay

When cash or gift cards are distributed, a debit memo is required to move the funds from 7062 to expense object 3125 – Study Participant Group.
Accounting Principles

Object 7062 – Study Participant Pay

• It is critical that funds do not linger in object 7062. Debit memos should be processed timely.

• Subsequent payment requests can be denied by Disbursements.

• Negative consequences on audits.

• The State closely monitors the Working Fund activity due to the nature and volume of transactions.
2f. Policy and Procedure
Authority: The State requires all agencies to assign fiscal responsibilities.

UMB Office of the Controller is charged with developing policies and procedures that govern university financial transactions.
Policy

- Policy applies to UMB Operational Units (schools, departments, divisions) requesting payments in the form of cash, checks, or gift cards as compensation to research study participants.
- Navigation: UMB Homepage> About UMB> Policies and Procedures> Index> Type Research Study into the Filter by keyword(s) box
UMB Legal Counsel created the following definition of UMB Funds:

All funds administered by UMB, regardless of fund source. UMB funds include State-appropriated general funds, tuition, fees, and other income, as well as auxiliary funds, revolving/discretionary funds, Designated Research Initiative Funds, gifts, contract or grant revenues, and other restricted funds.
Procedure

• Describes process for making payments to study participants
• Assigns responsibilities to individuals and departments
• Defines requirements and controls needed to meet sponsor, UMB, state, and federal regulations
• Navigation: UMB Homepage> About UMB> Policies and Procedures> Index> Type Research Study into the Filter by keyword(s) box
2g. Policy and Procedure: Reconciliations

Note: Part 2 of this workshop will step through the reconciliations.
Reconcile Payments with the Study Funds Received

• A reconciliation is a formal document that summarizes the funds received, distributed and remaining. Interim reconciliations should be signed and dated by the preparer. Final reconciliations should be reviewed, signed and dated by the preparer, department administrator (or designee), and Principal Investigator.
• Notes:

1. The study participant log (or other record showing recipient payments) is required.

2. Count cash and gift cards at least once per month.

3. Reconcile count and activity with the original fund request at least once per month.

4. Compare activity on the reconciliation worksheet with the general ledger activity.

What to Do When the Study Ends

Note: If the part of the study involving compensation to participants ends significantly earlier than the end of the study project then the best practice is to settle undistributed cash, gift cards, and checks as soon as possible.

- Perform final cash, gift card count
- Reconcile final count and activity with the initial funding
- Process any remaining debit memos needed to clear object code 7062
- Return all unused funds within 30 days
- Details on how to return unused funds will be provided in Part 2.
2g. The IRS
• What is a 1099-MISC?
  – An IRS form used to report income to the IRS
  – Required when all taxable payments to an individual equal or exceed $600 in a calendar year
  – All payments includes stipends, study participant payments, etc.
  – Be aware that payments processed through Disbursements are combined by tax ID number (be sure to use the correct object code when entering a NONPO Invoice)
Alert!

In order to comply with IRS tax reporting requirements:

- **State** checks payable directly to the RSP require the RSP’s SSN regardless of the amount of the check.

- **UMB Working Fund** checks payable directly to the RSP require the RSP’s SSN if the check is equal to or greater than $100.00.

- An RSP who receives a gift card of $100 or more is also required to provide their SSN.

- When departments are aware that their RSPs receive a total of $600.00 or more per calendar year, RSP information should be sent to Disbursements.
2h. Questions?
2i. Change Management and Advisory Services
Change Management and Advisory Services (CMAS)

- CMAS provides assistance and oversight to campus departments with any audit, compliance, and general fiscal or operational matters. They support the University by advising, assisting, and educating the campus community on accountability and compliance effectiveness.

Saratoga Building
Ground Floor Level
CMAS Review Requirements

• Conduct periodic reviews of a sample of payments to ensure departments are reconciling logs and reclassifying appropriate amounts

• Ensure departments are following policy and procedures (i.e. all requirements)

• Report results to the department selected, OOTC, and SPAC
Compliance Trends

• Funds not adequately secured and accounted for (offsite locations, personal bank accounts)
• Initial and monthly counts are not done, not done by independent person, not documented
• Funds are not tracked properly (no log, only receipts) or separately by working fund request
• Study participant logs don’t have all necessary information (no participant signature)
Compliance Trends (Cont.)

• Debit memos to reclassify disbursement amounts are not performed or amount transferred is not proper

• PI not verifying study participant logs by signing and dating log

• Undistributed funds not deposited back timely (unused cash or gift cards)
Important Concepts - Review

- Policy and Procedure controls and requirements apply to:
  - All types of compensation (e.g. checks, cash, GCs)
  - All sources of compensation (e.g. Working Fund, State, and GCS)
  - All types of physical and electronic delivery methods (e.g. Face-to-face, U.S. mail, email)
  - All study/department locations (e.g. on campus, off campus, remote)
Important Concepts - Review

• Use caution to ensure that the SPP process is used for the purpose intended
  – People
    • Compensate Study Participants (see definition)
  – Funds
    • Used to pay Study Participants for participating in a study as allowed/described in the study documents
• Validity of the participants – Required by the PI
  – The process for providing reasonable assurance that payments are only made to individuals who are enrolled in the research study. The Study Participant Log must be compared to the research study records to validate that people listed on the log are valid study participants. The method that is used to test the validity should be documented.
  – Referred to under each form of compensation in the Procedure
Important Concepts - Review

• Proper segregation of duties:
  
  – Person A acquires funds and Person B counts and verifies the funds

  – A person not directly associated with the study performs the monthly reconciliations

  – Funds are stored in a safe or locked drawer
3. Requesting RSP Payments
How to Compensate Research Study Participants: Overview

Important Note:

The purpose of this diagram is to provide a brief outline of how to pay research study participants. All departments are responsible for adhering to Policy VIII-99.00 (B): Research Study Participant Payments and to follow the instructions and guidelines described in the Procedure on Research Study Participant Payments.

2. Select payment type: Cash, Gift Card, or Check
3. Select payment method: NONPO-GWF, NONPO-STATE, Gift Card System (GCS)
4. Acquire Payments for the Participants
5. Store payments in a secured place.
6. Create Study Participant Payment Log
7. Disburse Payments
8. Monthly Processes
9. End of Study Processes
Step 1: Select Type of Compensation

  • Participants who receive checks totaling ≥ $600.00 during the calendar year will receive a 1099-MISC Form
Step 2: Select Source of Compensation

• Check Payment-State
  – Allow 3 weeks for payee to receive check

  – Requests for checks to purchase Gift Cards:
    • The original receipt from the vendor where the gift cards were purchased should be retained in the department.

  – Email all NONPO State Payment request to rs-bf-nonPO@umaryland.edu Subject: Invoice# XXX
Step 2: Select Source of Compensation

- Check Payment-GWF
  - Hours of operation: 9am – 4pm M-Th. (Social Distancing Rules apply)

Research Study Participant Payments

A research study participant is a living individual about whom a Principal Investigator (PI) conducting research obtains: 1) data through intervention or interaction with the individual or 2) identifiable private information.

Some research studies may provide for compensation payments to study participants as evidenced in the contract between the research sponsor and the research institution. Compensation may be in the form of a check payable to the participant, cash, or gift cards. The research study documents identify which method of payment is allowed for the study.
