## **REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS**

To the Board of Regents University System of Maryland

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the University System of Maryland (the System), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the System's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

The System's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We audited the component unit financial statements of UMBC Research Park Corporation, Inc. and the Bowie State University Foundation, Inc. We did not audit the financial statements of the other component units, which represent 99 percent, 99 percent, and 98 percent, respectively, of the total assets, net assets and unrestricted revenue of the total component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for those component units, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the System and its discretely presented component units as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matter**

As discussed in Note 11 to the financial statements, during the year ended June 30, 2015, the System adopted new accounting guidance from Government Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions". Our opinion is not modified with respect to this matter.

## **Other Matters**

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of proportionate share of net pension liability as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the System's basic financial statements. The supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Hunt Valley, Maryland November 9, 2015

SB + Company, LfC

#### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

Management of the University System of Maryland (the System) provides the readers of the System's financial statements with this narrative overview and analysis of the financial activities of the System for the years ended June 30, 2015 and 2014.

#### **Financial Highlights**

- Governmental Accounting Standards Board (GASB) Statement No. 68 Accounting and Financial Reporting for Pensions was implemented in fiscal year 2015 and resulted in a restatement to the July 1, 2014 net position in the amount of \$697,817,854.
- Unrestricted net position increased by \$161,537,396 for the year ended June 30, 2015, after adjusting for GASB Statement No. 68 restatement of the July 1, 2014 net position, compared to a decrease of \$36,408,352 for the year ended June 30, 2014.
- State appropriations for the System increased by 9% for the year ended June 30, 2015. For the year ended June 30, 2014, State appropriations increased by 3% from the amount received in the year ended June 30, 2013.
- Tuition and fees, after deducting Scholarship Allowances, increased by \$48,039,748 or 4.1% for the year ended June 30, 2015. During the year ended June 30, 2014, net Tuition and fees, decreased by \$14,683,734 or 1.2%.
- For the year ended June 30, 2015, investment income on Endowment assets was \$8,390,109, representing investment returns of 4%. Investment income on Endowment assets amounted to \$24,291,204, an investment return of 13%, for the year ended June 30, 2014.

#### **Overview of the Financial Statements**

The System's financial statements consist of three basic financial statements and the notes that provide information on the accounting alternatives used, financial statements for discretely presented component units, and explanatory information and detail on certain financial statement elements. The three basic financial statements are the Balance Sheet, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows.

The *Balance Sheet* presents information on the System's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position, all as of the end of the reporting period. Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflow of resources, and is detailed into classifications that help readers understand the constraints that the System must consider in making decisions on expending assets. Over time, changes in net position can help in understanding whether the financial condition of the System is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position presents information on the changes in net position during the year. All changes in net postion are reported as soon as the underlying event takes place, regardless of the timing of the related cash flows. Thus, revenue and expenses are recorded for some items that will result in cash flows in future fiscal years (for example tuition and fees owed by students, or vacation earned by employees but not used as of the date of the financial statements).

#### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

The *Statement of Cash Flows* presents information on sources and uses of cash during the year. This statement details the changes in cash and cash equivalents from the amounts reported at the end of the preceding year, to the amounts reported in the Balance Sheet as of the end of the current year. Sources and uses are organized into operating activities, noncapital financing activities, capital and related financing activities, and investing activities.

The System's financial statements include all accounts and balances of the System (considered the primary government, in accounting terms), as well as 19 legally-separate and distinct entities for which the System is financially accountable, which are considered component units. Of the 19 component units, three are considered major component units due to their significance in terms of size.

The focus of this Management's Discussion and Analysis is on the System itself. Reference should be made to the separately audited financial statements of the component units for additional information.

#### **Financial Analysis**

As of June 30, 2015, the System's financial health remains strong, with assets and deferred outflows of resources exceeding liabilities and deferred inflows of resources by \$5,258,179,934, shown on the Balance Sheet as total net position. This compares with total net position of \$5,594,953,744 as of June 30, 2014. As suggested earlier, when viewed over time, net position may be useful as an indicator of financial health.

For the year ended June 30, 2015, total net position decreased by \$336,773,810. While net investment in capital assets increased by \$206,040,034, unrestricted net position decreased by \$536,280,458 and restricted net position categories decreased by \$6,533,386.

Unrestricted net position represents the portion of assets, after taking into account liabilities, which can be used to meet ongoing obligations and fund new initiatives. Unrestricted net position increased by \$161,537,396 after adjusting for the \$697,817,854 restatement attributable to the recording of pension liabilitilities as required by GASB Statement No. 68.

As of June 30, 2014, the System's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$5,594,953,744.

For the year ended June 30, 2014, total net position increased by \$171,715,726. Net investment in capital assets increased by \$201,384,004, while unrestricted net position decreased \$36,408,352, and restricted net position categories increased by \$6,740,074.

The \$36,408,352 decrease in unrestricted net position for the year ended June 30, 2014, is attributable to declines in enrollment, continuing institutional efforts to limit expenditures, as well as efforts to accumulate resources to provide for future facilities needs and renewal and renovation requirements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

The table below presents summary-level information of the System's assets, liabilities, and net position as of June 30, 2015 and 2014.

	2015	2014
Current and other assets Capital assets, net	\$2,577,274,912 5,618,391,771	\$2,516,361,486 5,456,115,475
Total assets	8,195,666,683	7,972,476,961
Total deferred outflows of resources	137,469,855	18,492,974
Total assets and deferred outflows of resources	\$8,333,136,538	\$7,990,969,935
Debt and obligations under capital lease agreements Other liabilities Net pension liability	\$1,199,533,574 734,260,731 718,516,394	\$1,289,599,574 744,061,007
Total liabilities	2,652,310,699	2,033,660,554
Total deferred inflows of resources	422,645,905	362,355,637
Total liabilities and deferred inflows of resources	2,694,956,604	2,396,016,191
Net investment in capital assets Restricted Unrestricted	4,140,685,079 248,072,654 869,422,201	3,934,645,045 254,606,040 1,405,702,659
Total net position	5,258,179,934	5,594,954,744
Total liabilities, deferred inflows of resources and net position	\$8,333,136,538	\$7,990,969,935

Net position for the year ended June 30, 2015 was also affected by the implementation of GASB Statement No. 68 as previously indicated. The requirements of the new accounting standard resulted in a restatement of the July 1, 2014 net position of \$697,817,854. As allowed by GASB Statement No. 68, the System has recorded it's pension liability for June 30, 2015 based on an actuarial valuation as of June 30, 2014. An actuarial valuation prepared in accordance with GASB Statement No. 68 was not performed that would allow the System to restate the financial statements for fiscal year 2014.

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

The table below presents summary-level information on revenues, expenses, and other changes in the System's net assets for the years ended June 30, 2015 and 2014.

	2015	2014
Operating revenues	\$3,268,645,793	\$3,174,792,691
Operating expenses	4,569,251,634	4,453,964,164
Operating (loss)	(1,300,605,841)	(1,279,171,473)
State appropriations	1,203,572,985	1,103,095,560
Other nonoperating revenue, net	201,191,828	159,559,957
Total nonoperating	1,404,764,813	1,262,655,517
Income (loss) before other revenues	104,158,972	(16,515,956)
Other revenues	256,885,072	188,231,682
Increase in net position	361,044,044	171,715,726
Net position, beginning of year Restatement for pension liability due to	5,594,953,744	5,423,238,018
GASB Statement No. 68	(697,817,854)	
Net position, end of year	\$5,258,179,934	\$5,594,953,744

The System's operating revenues arise from activities associated with its core mission: education, research, and public service.

For the years ended June 30, 2015 and 2014, operating revenues, which under the definitions used by GASB excludes state appropriations, are detailed below:

	2015		201	4
	\$	%	\$	%
Tuition and fees, net	\$1,221,125,370	37.4%	\$1,173,085,622	37.0%
Contracts and grants	1,045,882,031	32.0	1,035,379,978	32.6
Sales and services of				
educational departments	331,889,848	10.2	311,924,297	9.8
Auxiliary enterprises, net	603,557,944	18.5	580,999,408	18.3
Other operating	66,190,600	2.0	73,403,386	2.3
Total	\$3,268,645,793	100.0%	\$3,174,792,691	100.0%

Tuition and fees reflect increases in resident undergraduate and graduate student rates, and non-resident rates and other student charges enacted for years ended June 30, 2015 and 2014.

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

For the years ended June 30, 2015 and 2014, operating expenses are detailed below:

	2015		2014		
	\$	%	\$	%	
Instruction	\$1,224,231,147	26.8%	\$1,173,522,028	26.3%	
Research	936,234,104	20.5%	924,899,646	20.8%	
Public service	152,294,821	3.3%	152,924,530	3.4%	
Academic support	412,231,388	9.0%	425,738,777	9.6%	
Student services	218,553,357	4.8%	211,645,833	4.8%	
Institutional support	445,527,993	9.7%	419,066,424	9.4%	
Operation and					
maintenance of plant	336,605,301	7.4%	332,965,938	7.5%	
Scholarships and fellowships	104,239,654	2.3%	105,263,838	2.4%	
Auxiliary enterprises	546,264,612	12.0%	528,145,211	11.8%	
Hospital	193,069,257	4.2%	179,791,939	4.0%	
Total	\$4,569,251,634	100.0%	\$4,453,964,164	100.0%	

Operating expenses are detailed by (1) employee costs, (2) payments to suppliers, contractors and other, and (3) depreciation expense in the notes to the financial statements, in order to provide an alternative presentation of operating expenses.

For the years ended June 30, 2015 and 2014, increases in employee payments of \$137,702,755 and \$96,021,121 respectively, represent the largest component of the overall increase in operating expenses over the prior year with the largest increase associated with employee payments for Instruction activities.

#### **Capital Asset and Debt Administration**

The System continually makes investments in facilities necessary to achieve long-term objectives resulting from:

- State-wide public policy goals,
- System-wide strategic planning,
- institutional facilities master planning,
- projected enrollment growth,
- projected research space needs, and
- maintainance and renewal needs for existing facilities.

## MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

Funding sources for additions to capital facilities and equipment for the last two fiscal years ended June 30, were funded through:

Funding source	2015	2014
State of Maryland debt proceeds or cash balances	\$234,361,573	\$181,125,898
System debt proceeds	70,987,051	107,485,870
System cash balances or donations	161,385,074	177,181,392
Total	\$466,733,698	\$465,793,160

Over the past two fiscal years ended June 30, major projects completed or placed in service are as follows:

Project	Institution	Cost
Year ended June 30, 2015		
Performing Arts and Humanities Facility	University of Maryland Baltimore County	\$71,931,000
Harford Education Center	Towson University	28,000,000
Center for Communication & Information		
Technology	Frostburg State University	69,328,000
Year ended June 30, 2014		
Physical Sciences Complex	University of Maryland, College Park	126,474,000
Prince Frederick Hall	University of Maryland, College Park	72,291,000
Student Center	Bowie State University	42,700,000

In August 2003, the System issued Revolving Loan Program Bonds to provide a pool of funds to finance the acquisition of personal property on a revolving basis. On June 1, 2013, the System redeemed \$15,000,000 of the Revolving Loan Program Bonds. The remaining principal balance of \$35,000,000 was remarketed for five years at a multi-annual interest rate of 1.25% and mature on July 1, 2023.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2015

The System has issued revenue bonds to fund the construction, acquisition, and renewal and replacement of facilities, or refinance previously issued revenue bonds to realize lower current interest rates, during the years ended June 30, 2015 and 2014, and since, as follows:

			Total Par	Present Value of Future Debt Service
Revenue Bond Issuance	Date	Purpose	Value Issued	Savings
2014 Series A and B	2/5/2014	Refinancing, construction and facilities renewal	\$151,480,000	\$559,717
2015 Series A	3/4/2015	Refinancing	93,690,000	9,564,489

The System continually pursues opportunities to reduce its overall effective cost of capital financing, and as conditions in the financial markets allow, refinances previously issued debt with new debt at lower interest costs.

#### Economic Factors and Next Year's Budget and Rates

Enrollment demand, availability of funding for contracts and grants, and State of Maryland support through both operating and capital appropriations are the three most significant drivers of the System's revenue base.

Across all student categories, enrollment is expected to continue to increase over the next ten years, with just under 14% more full-time equivalent students anticipated by the fall 2024. Preliminary fall 2015 enrollment indicates an increase in headcount enrollment of almost 1,500 students.

The University of Maryland, College Park, the University of Maryland, Baltimore, and the University of Maryland, Baltimore County each have considerable numbers of faculty that pursue research grants and other sponsored funding arrangements. Indirect cost recoveries associated with contract and grants are an important funding source for institution's administrative costs. The Federal Budget Control Act places limits on Federal government spending commonly referred to as sequestration. These limits have constrained Federal spending on research activities, will reduce indirect cost recoveries generally, and will continue, unless Congress and the President agree upon and enact legislation that relieves the constraints on governmental spending currently in place.

As a region with a significant Federal government employee population, the potential for significant reductions in Federal spending in all likelihood would have serious implications for state tax revenues, both from income as well as sales taxes. The State government closely monitors revenue receipts and revises projections on a quarterly basis. As an economic engine for the entire state and region, System officials point out the impact that proposed reductions of State funding provided to higher education would have on state-wide economic activity and work-force development.

Personnel costs account for more than two-thirds of the System's noncapital spending. Healthcare costs and the adoption of a state-wide funding strategy for providing for retiree's healthcare costs are expected to be significant considerations for the System's future spending levels.

#### **Requests for Information**

This financial report is intended to provide a general overview of the System's finances. Questions concerning any of the information provided in this report, or requests for additional information should be addressed to the Office of the Vice Chancellor for Administration and Finance and Chief Operating Officer, 3300 Metzerott Road, Adelphi, MD 20783.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

#### 1. ORGANIZATION AND PURPOSE

The University System of Maryland (the System) is a component unit of the State of Maryland (the State) and is governed by its Board of Regents (the Board).

The System comprises eleven degree-granting institutions, one research entity and an administrative unit. Its degree-granting institutions provide a full range of undergraduate, graduate, professional and continuing education opportunities for students. Its research and public service entities conduct basic and applied research, and transfer new technology to constituencies. The administrative unit includes the System Chancellor and staff who serve as support to the Board.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the System are summarized below.

**Reporting Entity** - The financial statements of the System include all funds and organizations included in the legal entity encompassed by the System, and other legally separate entities for which the System is financially accountable or which otherwise meet the criteria established by the *Governmental Accounting Standards Board (GASB)*. Amounts held in System accounts on behalf of separately organized entities are included as assets, with a corresponding liability reflected.

The System has recognized, as affiliated foundations, nineteen organizations created and operated in support of the interests of the System or any of the institutions that comprise the System. Each of these affiliated foundations are considered to (1) receive or hold economic resources that are to be used for the benefit of the System or its institutions, (2) receive or hold economic resources which the System or its institutions are entitled to or otherwise have the ability to access, and (3) are significant to the financial statements of the System or the institutions with which the foundation is affiliated. As a result, each of the nineteen affiliated foundations meet the criteria for inclusion in the financial reporting entity, and thus each of the affiliated foundations are shown in a discrete presentation.

The University System of Maryland Foundation, Inc., the University of Maryland College Park Foundation, Inc., and the University of Maryland Baltimore Foundation, Inc. are considered major component units due to the significance of the financial statement amounts to the System and its financial statements.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

The following affiliated foundations are considered nonmajor component units:

Medical Alumni Association of the University of Maryland, Inc. M Club Foundation, University of Maryland, Inc. The Robert H. Smith School of Business Foundation, Inc. Harry R. Hughes Center for Agro-Ecology, Inc. Bowie State University Foundation, Inc. Towson University Foundation, Inc. Frostburg State University Foundation, Inc. Coppin State University Development Foundation, Inc. University of Baltimore Foundation, Inc. and University Properties, Inc. Salisbury University Foundation, Inc. The Ward Foundation. Inc. The Maryland 4-H Foundation, Inc. The Maryland Center @ Bowie State University, Inc. University of Maryland, Baltimore County Research Park Corporation, Inc. Maryland Hawk Corporation Towson University Public Media, Inc.

During the year ended June 30, 2015, the affiliated foundations distributed approximately \$95,628,000 to the System and its institutions for both restricted and unrestricted purposes.

All of the System's component units are nongovernmental entities that prepare financial statements using the principals and accounting standards promulgated by the Financial Accounting Standards Board (FASB).

Complete financial statements of affiliated foundations may be requested from the System's Office of the Comptroller at 3300 Metzerott Road, Adelphi, MD 20783.

The University of Maryland, Baltimore provides services to hospital and critical care facilities under contractual arrangements with the State. The expenditures relating to these activities are reported within the hospital functional category. The revenues derived from these activities are reported primarily as contract and grant revenue.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

<u>Measurement Focus and Basis of Accounting</u> - For financial reporting purposes, the System is considered a special-purpose governmental entity engaged only in business-type activities. Accordingly, the System's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenue is recognized when earned, and expenses are recorded when an obligation has been incurred.

<u>Application of Accounting Standards</u> - The System has the option to apply all FASB pronouncements issued after November 30, 1989, except for instances in which a pronouncement of the FASB conflicts with pronouncements of GASB. The System has elected to not apply FASB pronouncements issued after November 30, 1989.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the System's policy is to first apply the expense toward restricted resources and then toward unrestricted resources.

**Operating and Nonoperating Revenue and Expenses** - Operating revenue and expenses are generally associated with those activities that relate directly to the core activities of instruction, research and public service that form the essence of the System's mission. Nonoperating revenue, expenses, gains and losses represent amounts that recur regularly but are not included in operating revenue and expenses. Generally accepted accounting principles defines State appropriations as nonoperating revenue.

<u>Cash and Cash Equivalents</u> - Cash and cash equivalents include demand deposits with financial institutions, as well as highly liquid investments that are both readily convertible to known amounts of cash and are so near to their maturity that they present an insignificant risk of changes in value because of changes in interest rates. Only investments with an original maturity of three months or less satisfy the criteria for cash equivalents.

Investments – Investments are valued at fair market value.

<u>Inventories</u> - Inventories are valued at cost, determined under the first-in, first-out method, which is not in excess of net realizable value.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

<u>Capital Assets</u> - Property, plant, equipment, and books and materials which are part of a catalogued library, are stated principally at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Personal property with an original cost of more than \$5,000 and outlays for real property in excess of \$250,000 are considered capital assets.

Generally, the cost of all capital assets other than land, certain inexhaustible improvements to land, and collections of works of art are assigned to expense over a set of useful lives specific to the type of asset, using a straight-line method of depreciation. The range of useful lives used for the major categories of capital assets is:

Infrastructure and land improvements	20 - 25 years
Buildings and improvements	20 - 40 years
Contents	3 - 15 years

Depreciation expense is assigned to program expense based on the nature and use of the capital asset.

**Deferred Outflows/Inflows of Resources** – In addition to assets, the Balance Sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resource, represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

**Pensions** - Some employees of the System are members of the Maryland State Retirement and Pension System. Employees are members of either the Teachers Pension System (TPS) or the Employees Retirement System of the State of Maryland (ERS). The TPS and ERS are part of the State of Maryland Retirement and Pension System which is considered a multiple employer cost-sharing plan. Employees of the System may choose as an alternative to participate in the Optional Retirement Program (ORP), which is a defined contribution plan.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TPS and ERS and additions to/deductions from TPS and ERS' fiduciary net position have been determined on the same basis as they are reported by TPS and ERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>New Accounting Pronouncements</u> - The System adopted GASB Statement No. 68, entitled Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27, Statement No. 69, entitled Government Combinations and Disposals of Government Operations, and Statement No. 71, entitled Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68.

Net position as of July 1, 2014 has been reduced by \$697,817,854 to record the impact associated with the implementation of GASB Statement No. 68.

The Governmental Accounting Standards Board has issued GASB Statement No. 72, entitled Fair Value Measurement and Application; GASB Statement No. 73, entitled Accounting and Financial Reporting for

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

Pensions and Related Assets That are Not within the Scope of GASB Statement 68, and Amendments to certain Provisions of GASB Statements 67 and 68; GASB Statement No. 74 entitled, Financial Reporting For Postemployment Benefit Plans Other Than Pension Plans; GASB Statement No. 75 entitled, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions; and GASB Statement No. 76 entitled, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. These statements may have a material effect on the System's financial statements once implemented. The System will be analyzing the effects of these pronouncements and plans to adopt them as applicable by their effective date.

## 3. CASH AND INVESTMENTS

#### Cash and cash equivalents

As of June 30, unrestricted cash and cash equivalents consisted of the following:

Cash and short-term investments on deposit with the	
State Treasurer	\$1,893,409,566
Demand and time deposits	37,626,240
Total	\$1.931.035.806

The System does not have a formal policy addressing custodial credit risk.

As of June 30, 2015, the carrying amount of the System's demand and time deposits was \$37,626,240 as compared to bank balances of \$34,395,886. The difference is primarily items in-transit. Of the bank balances, \$27,580,121 was covered by Federal, private or foreign national government depository insurance, or was collateralized by a pledge of United States Treasury obligations held by the System's agents in the name of the System, and \$6,815,765 was uninsured and uncollateralized as of June 30, 2015.

The Annotated Code of Maryland requires the System to maintain its cash balances on deposit with the State Treasurer, except for demand and time deposit accounts established to satisfy urgent cash requirements, assets associated with endowment funds or proceeds of System financing arrangements. The State Treasurer maintains State funds on a pooled basis in accordance with the Annotated Code of Maryland.

The System has entered into agreements with trustees for the benefit and security of registered holders of certain debt obligations issued by the System. These agreements permit the System to invest amounts maintained in trust funds in:

- United States Treasury and agency obligations.
- Deposits, having a maturity of no more than 365 days, in any bank, savings institution or trust company to the extent such deposits are fully insured or collateralized.
- Commercial paper rated at least A-1 by Standard & Poor's Corporation (Standard & Poor's) and P-1 by Moody's Investors Service, Inc. (Moody's) having a maturity of no more than 270 days.
- Repurchase agreements.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

- Obligations of any state or political subdivision rated by Standard & Poor's and Moody's in one of its two highest rating categories.
- Corporate obligations rated AAA by Standard & Poor's and Aaa by Moody's.

As of June 30, restricted cash and cash equivalents included:

Money market accounts - endowment fund uninvested cash	\$47,280
Money market accounts – unspent proceeds of debt	53,588,081
Total	\$53,635,361

Unspent proceeds and other restricted debt-related trust account balances and endowment fund uninvested cash balances are maintained in money market accounts rated AAA or equivalent by rating agencies.

#### **Investments**

In July 2005, the System transferred the proceeds of endowment investments, approximately \$197 million in fair market value at the time of the transfer, to the University System of Maryland Foundation, Inc., (USMF) in exchange for an equivalent proportionate interest in the long-term investment portfolio managed by the University System of Maryland Foundation, Inc.

In June 2011, the System entered into a new agreement with the USMF. The agreement is for a term of five years, with renewable two-year extensions at the option of the System, unless notice of intent to terminate the arrangement is provided within 180 days prior to the expiration of the term. In the event of termination of the arrangement, funds invested with individual investment managers that have commitments from the University System of Maryland Foundation, Inc., to maintain investments for certain minimum time periods may not be returned to the System until those constraints have been satisfied. Beginning with fiscal year 2015, the per annum fee to be paid to the USMF for investment management services is 0.35% of the value of the managed funds as of December 31 of the previous fiscal year.

Investments in the University System of Maryland Foundation, Inc. are accounted for as an open-ended mutual fund. Asset values, investment gains and losses, and other portfolio-wide transactions are allocated based on the number of units or shares that each fund has relative to the total number of shares or units. Assets associated with the System's endowment funds are reported as Endowment Investments on the Balance Sheet of the University System of Maryland, and Investments on the Balance Sheet of the University System of Maryland, and Investments on the Balance Sheet of the System's interest in the investment portfolio.

The System discloses investment risks, below.

#### Interest rate risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The System has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

#### Custodial credit risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the System would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the System, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the System's name.

Endowment investments managed by the University System of Maryland Foundation, Inc. are uninsured and are not registered in the name of the System, as they are a part of a commingled portfolio comprising proportionate interests of several different entities.

None of the System's restricted investments are exposed to custodial credit risk.

#### Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The System is exposed to credit risk on its Endowment investments managed by the University System of Maryland Foundation, Inc.

#### Foreign currency risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment.

The System is not exposed to any material amount of foreign currency risk.

#### **Endowment investments**

As of June 30, endowment investments consisted of the following, stated at fair value:

Corporate debt	\$7,200
Corporate equities	189,884
Assets invested with University System of	
Maryland Foundation, Inc.	258,983,712
Total	\$259,180,796

As of June 30, the net position balances of the fund groups making up the Endowment were as follows:

Pure endowments	\$136,719,910
Funds functioning as endowments	118,563,286
Term endowments	3,897,600
Total	\$259,180,796

Assets associated with endowment funds are invested in accordance with the terms of donor agreements in those instances where such agreements place constraints on allowable investments.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

A spending rule has been adopted by the Board to ensure that endowment funds retain a consistent level of purchasing power over time. The spending rule provides for a target rate of spending of 4.55% of a rolling twelve-quarter average market value of the endowment fund. The spending rule is reviewed periodically by the Finance Committee of the Board. Net appreciation on investments of the pure endowment funds totaled \$97,748,655 as of June 30, 2015. Reinvestments of net appreciation are considered to be subject to donor spending restrictions, and accordingly, are reflected as a component of restricted, expendable net assets.

The Maryland Uniform Prudent Management of Institutional Funds Act governs the use of net appreciation, both realized and unrealized, of endowment investments. This law allows a governing board to appropriate for expenditure only those amounts in excess of the historic gift amount that are prudent, taking into consideration long and short term needs of the institution in carrying out its educational, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

#### **Other investments**

Other investments is an interest in a real estate partnership formed to facilitate the long-term development of a parcel of land owned by the University of Maryland College Park. The carrying value of other investments is assessed on an annual basis by reference to the reported value of the University's partnership interest.

#### Allocation of investment income

Investment income is assigned to the accounting funds, including endowments, in proportions associated with investments held by the various accounting funds. For the year ended June 30, 2015, investment income attributed to unrestricted funds and restricted funds was:

Unrestricted funds	\$27,150,953
Restricted funds	6,424,741
Total investment income	\$33,575,694

#### Major component units

The University System of Maryland Foundation, Inc. invests funds on behalf of the System and several other System component units. The majority of the amounts reported as investments by the University of Maryland College Park Foundation, Inc., and the University of Maryland Baltimore Foundation, Inc. are included in the investments reported by the University System of Maryland Foundation, Inc.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

As of June 30, 2015, major component unit investments, recorded at fair value, were:

Interest expense of \$509,620 associated with projects not yet completed was capitalized and recorded as construction in progress during the year ended June 30, 2015.

This page intentionally left blank.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

## 6. SERVICE CONCESSION ARRANGEMENTS FOR STUDENT HOUSING

The University System of Maryland has entered into long-term leases of university-owned land, and other agreements with a quasi-governmental entity to finance, construct, and manage, student housing projects at seven of the System's institutions. These agreements satisfy the accounting criteria established to be considered service concession arrangements.

Under the terms of the ground leases, the System transfers rights to university-owned property for a term of 40 years to the quasi-governmental issuer of debt (the 'project owner'). The project owner contracts with a developer to build student housing on the property, as well as an operator that manages the facility on behalf of the project owner. Each student housing project is financed using tax-exempt debt that limits the use of the project to uses that support the institution. The operator charges and collects rent from the students, and pays the operating costs and debt service associated with the project. The residual cash flow from the project, after paying all operating costs and management fees, is paid to the university as the ground lease payment. The institution has the ability to approve what services the operator is required to provide and the rates that can be charged.

Upon final payment of the outstanding debt associated with the project, or upon termination of the ground lease, whichever is sooner, the owner's rights to use the land and ownership of the project transfers to the university.

As of June 30, 2015, the following amounts associated with service concession arrangements are reflected on the Balance Sheet:

Capital assets, net – Buildings & improvements	\$361,859,913
Deferred service concession arrangement receipts	343,999,596

## 7. REVENUE BONDS AND NOTES PAYABLE

The System finances the construction, renovation and acquisition of certain facilities and equipment through the issuance of debt obligations. State law limits the aggregate principal amount of debt outstanding and the present value of future minimum lease payments on capital lease obligations for real property to no more than \$1,400,000,000.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

Revenue bonds and notes payable consisted of the following as of June 30, 2015:

Revenue Bonds, net	\$1,120,815,105
Revolving Loan Program Bonds	35,000,000
Other	33,596,958
Revenue bonds and notes payable, net	\$1,189,412,063

## Auxiliary Facility and Tuition Revenue Bonds

As of June 30, 2015, Auxiliary Facility and Tuition Revenue Bonds (Revenue Bonds) consisted of the following:

			Principal
	Interest Rates	Maturity Dates	Outstanding
2004 Series A	5.0%	2016	\$65,000
2006 Series A	5.0%	2015-2017	11,195,000
2007 Refunding Series A	4.0% - 5.0%	2016-2023	70,130,000

2015 Series A	3.0% - 5.0%	2016-2028	93,690,000
			1,050,690,000
Unamortized discounts a	and premiums		70,125,105
Revenue Bonds, net		-	\$1,120,815,105

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

Revenue Bonds have been issued pursuant to an Indenture of Trust, an agreement entered into with a trustee for the benefit of holders of Revenue Bonds. Pursuant to the Indenture of Trust, the System has agreed to charge and collect tuition revenues and net auxiliary facility fees in an amount that is not less than 200% of the maximum annual debt service on Revenue Bonds.

Revenue Bonds issued during the year ended June 30, 2015, including the results of any advance refunding of previously-issued debt, are as follows:

					Reduction		
Debt issuance	Date of issue	Par value of debt issued	Premium on issuance	Par value of debt refunded	in future debt service	Deferred amount on refunding	Economic gain
2015 Refunding Series A	3/4/2015	\$93,690,000	\$12,596,446	\$98,870,000	\$10,358,993	\$5,275,078	\$9,564,489

The System has issued series of Revenue Bonds that qualify for participation in the Build America Bonds program, a provision of the American Recovery and Reinvestment Act of 2009. The provisions of the Build America Bonds provide that the Federal government will reimburse issuers of Build America Bonds an amount equal to 35% of the interest payments made to bondholders. On March 1, 2013, the Budget Control Act of 2011 went into effect. The Federal government has reduced the amount of interest reimbursement by 7.3% in Federal fiscal year 2015. The 2009 Series B, the 2010 Series B, and 2010 Series E bonds have been issued to comply with the requirements of the Build America Bonds program, the System has been receiving the interest payment reimbursements from the Federal government, and the System expects that these bonds will continue to qualify under the program in the future. The interest amounts reflected in the future principal and interest payments schedule on the following page reflect the System's obligations to bondholders, and have not been reduced for any expectation of interest reimbursement from the Federal government from the Federal government under the Build America Bonds program.

As of June 30, 2015, previously issued debt removed from the System's financial statements through advance refunding transactions still outstanding was \$91,810,000.

As of June 30, 2015, cash and cash equivalents and investments restricted by the terms of the Indenture of Trust totaled \$28,836,450.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

#### **Revolving Loan Program Bonds**

Revolving Loan Program Bonds include debt issued pursuant to an Indenture of Trust, an agreement entered into with a trustee for the benefit of holders of the debt, dated April 1, 1995.

On August 8, 2003, the System issued \$65,000,000 of University System of Maryland Revolving Loan Program Bonds, 2003 Series A. The 2003 Series A Bonds were initially issued as auction rate reset securities, meaning interest is calculated on outstanding Revolving Loan Program Bonds using a rate of interest determined through a weekly auction process. In April, 2008, the System purchased \$15,000,000 of the auction rate reset securities in response to failed auctions that were occurring for most issuers of auction rate reset securities as a result of the collapse of the credit insurance market. On June 26, 2008, the 2003 Series A Bonds in a principal amount of \$50,000,000 were converted from an auction rate mode to a Multiannual Rate. On June 1, 2013 the System redeemed \$15,000,000 of the 2003 Series A Bonds. The remaining principal balance of \$35,000,000 of the 2003 Series A Bonds was remarketed for five years at a multi-annual interest rate of 1.25%.

As of June 30, 2015, cash and cash equivalents in the amount of \$24,751,631 was held by the trustee as unspent proceeds of the Revolving Loan Program Bonds.

#### <u>Other</u>

Other debt and notes payable includes amounts borrowed to finance facilities, equipment acquisitions, a marine research vessel and other improvements designed to enhance energy efficiency savings.

The System is subject to Federal arbitrage laws governing the use of proceeds of tax-exempt debt.

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

Future principal and interest payments as of June 30, 2015, were as follows:

_	Auxiliary Facility and Tuition Revenue Bonds		Notes Payable and Other Long-term Debt		Total	
Years ending June 30,	Principal	Interest	Principal	Interest	Payments	
2016	\$83,215,000	\$46,134,111	\$6,383,948	\$999,926	\$136,732,985

2031 – 2035 _	62,005,000	4,920,400			66,925,400	
Total	\$1,050,690,000	\$347,827,081	\$68,596,958	\$9,130,749	\$1,476,244,788	

#### 8. LEASES

## **Obligations under capital lease agreements**

The System leases two facilities, one for the use of the University of Maryland College Park and another at Towson University under agreements recorded as capital lease obligations. The obligations are recorded at the present value of future minimum lease payments using discount rates of 6.8% and 3.2%, for the University of Maryland College Park and the Towson University leases, respectively.

Future minimum payments on obligations under capital lease agreements as of June 30, 2015, were as follows:

Years ending June 30,	Total
2016	\$1,669,377
2017	1,704,099
2018	1,739,862
2019	1,776,699
2020	1,814,640
2021 – 2025	2,979,711
Total future lease payments Less: Interest component	11,684,388 (1,562,877)_
Obligations under capital lease agreements	\$10,121,511

#### NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

## **Operating leases**

The System and its institutions lease facilities and equipment under agreements accounted for as operating leases. Many of the leases provide for an optional extension of the terms of the agreements and increases in payment amounts based on changes in indices such as the Consumer Price Index.

Future minimum payments on operating leases as of June 30, 2015, were as follows:

Year ending June 30,	Minimum Annual Lease Payments
2016	\$15,346,308
2017	13,002,861
2018	11,499,830
2019	9,323,146
2020	8,135,432
2021 – 2025	16,272,718
2026 – 2030	1,658,039
Total	\$75,238,334

Operating lease expenditures for the year ended June 30, 2015 were \$16,232,570.

# NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

# **11. RETIREMENT AND PENSION PLANS**

## General Information about the Pension Plan

## Plan description

Teachers employed by the System are provided with pensions through the Teachers Pension System of the State of Maryland (TPS)—a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). Certain employees of the System are provided with pensions through the Employees Retirement System of the State of Maryland (ERS)—a cost-sharing multiple-employer defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS). The State Personnel and Pensions Article of the Annotated Code of Maryland (the Article) grants the authority to establish and amend the benefit terms of TPS and ERS to the MSRPS Board of Trustees. MSRPS issues a publicly available financial report that can be obtained at www.sra.state.md.us/Agency/Downloads/CAFR/.

# **Benefits provided**

A member of either the TPS or ERS is generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of creditable service regardless of age. The annual retirement allowance equals 1/55 (1.81%) of the member's Average Final Compensation (AFC) multiplied by the number of years of accumulated creditable service.

An individual who is a member of either the TPS or ERS on or before June 30, 2011, is eligible for full retirement benefits upon the earlier of attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. An individual who becomes a member of either the TPS or ERS on or after July 1, 2011, is eligible for full retirement benefits if the member's combined age and eligibility service equals at least 90 years or if the member is at least age 65 and has accrued at least 10 years of eligibility service. For most individuals who retired from either the TPS or ERS on or before June 30, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.4% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. With certain exceptions, for individuals who are members of the TPS or ERS on or after July 1, 2006, the annual pension allowance equals 1.2% of the member's AFC, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.8% of the member's AFC, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. Beginning July 1, 2011, any new member of the TPS or ERS shall earn an annual pension allowance equal to 1.5% of the member's AFC multiplied by the number of years of creditable service accumulated as a member of the TPS or ERS.

Exceptions to these benefit formulas apply to members of the ERS who are employed by a participating governmental unit that does not provide the 1998 or 2006 enhanced pension benefits or the 2011 reformed pension benefits. The pension allowance for these members equals 0.8% of the member's AFC up to the social security integration level (SSIL), plus 1.5% of the member's AFC in excess of the SSIL, multiplied by the number of years of accumulated creditable service. For the purpose of computing pension allowances, the SSIL is the average of the social security wage bases for the past 35 calendar years ending with the year the retiree separated from service.

# NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

## Early Service Retirement

A member of either the TPS or ERS may retire with reduced benefits after completing 25 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree either attains age 60 or would have accumulated 30 years of creditable service, whichever is less. The maximum reduction for a TPS or ERS member is 30%.

An individual who is a member of either the TPS or ERS on or before June 30, 2011, may retire with reduced benefits upon attaining age 55 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 62. The maximum reduction for these members of the TPS or ERS is 42%. An individual who becomes a member of either the TPS or ERS on or after July 1, 2011, may retire with reduced benefits upon attaining age 60 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 61. The maximum reduction for these members of the TPS or ERS or ERS on or after July 1, 2011, may retire with reduced benefits upon attaining age 60 with at least 15 years of eligibility service. Benefits are reduced by 0.5% per month for each month remaining until the retiree attains age 65. The maximum reduction for these members of the TPS or ERS is 30%.

# **Disability and Death Benefits**

Generally, a member covered under retirement plan provisions who is permanently disabled after 5 years of service receives a service allowance based on a minimum percentage (usually 25%) of the member's AFC. A member covered under pension plan provisions who is permanently disabled after accumulating 5 years of eligibility service receives a service allowance computed as if service had continued with no change in salary until the retiree attained age 62. Death benefits are equal to a member's annual salary as of the date of death plus all member contributions and interest.

# Contributions (ERS)

The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 6% of their annual pay.

# **Contributions (TPS)**

The Article sets contribution requirements of the active employees and the participating governmental units are established and may be amended by the MSRPS Board. Employees are required to contribute 7% of their annual pay. The State of Maryland is responsible for the net pension liability of TPS. The System's required contribution is for the normal cost and does not include any contribution for past service cost. As such, the State of Maryland is responsible for 100% of the net pension liability related to TPS and qualifies as a special funding situation. The State of Maryland did not make contributions on behalf of the System for the year ended June 30, 2015.

The System's contractually required contribution rate for the year ended June 30, 2015, was \$107,709,937, actuarially determined as an amount that, when combined with the State of Maryland and employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability (State only).

# NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2015, the System reported a liability of \$718,516,394 as its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The System's proportion of the net pension liability was based on a projection of the System's long-term share of contributions to the pension plan relative to the projected contributions of all participating government units, actuarially determined. As of June 30, 2015, the System's proportion for the net pension liability the same as its proportion measured as of June 30, 2014.

For the year ended June 30, 2015, the System recognized pension expense of \$88,950,962. As of June 30, 2015, the System reported deferred outflows of resources and deferred inflows of resources related to the net pension liability of the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in actuarial assumptions	\$10,393,890	
Net difference between projected and actual		
earnings on pension plan investments		\$78,646,309
Contributions made subsequent to the		
measurement date	107,709,937	
Total	\$118,103,827	\$78,646,309
	, , ,	

The System reported \$107,709,937, as deferred outflows of resources related to the pension resulting from the System's contributions subsequent to the measurement date that will be recognized as a reduction of the pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the pension will be recognized in pension expense as follows: Changes in assumptions: fiscal years 2016-2019, \$2,598,472 per year; difference between projected and actual earnings on pension plan investments: fiscal years 2016-2019, \$19,661,577 per year.

# Information included in the MSRPS financial statements

Actuarial assumptions, long-term expected rate of return on pension plan investments, discount rate, and pension plan fiduciary net position are available at:

www.sra.state.md.us/ Agency/Downloads/CAFR/.

Sensitivity of the System's proportionate share of the net pension liability to changes in the discount rate.

The System's proportionate share of the net pension liability calculated using the discount rate of 7.65 percent is \$718,516,394. The System's proportionate share of the net pension liability, if it were calculated using a discount rate that is 1-percentage-point lower (6.65 percent) would be \$1,035,472,557, or 1-percentage-point higher (8.65 percent) would be \$453,023,562.

# **Optional Retirement Program**

Another option for employees if they choose not to participate in the State System is the optional retirement programs (ORP), which are defined contribution money purchase plans funded currently each year and

# NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

invested in specific funds offered by one or two vendors. In defined contribution plans, benefits depend solely on amounts contributed plus investment earnings.

Qualified employees are eligible to participate from the date of employment. Employees in both the ORP and the State System can also participate in supplemental retirement plans.

State legislation provides that the System contribute 7.25% of covered employees' annual salaries each month. The employee does not have to contribute to the plan in order to receive the System's contribution. The System's contribution along with that of the employee is immediately and fully vested.

Payroll for employees covered in the ORP for the year ended June 30, 2015 was \$1,048,609,000.

The amount contributed by the System for employees participating in the ORP for the year ended June 30, 2015 was \$76,024,164.

### Major Component Units

The University System of Maryland Foundation, Inc. maintains a defined contribution plan for certain personnel provided by TIAA-CREF. The University System of Maryland Foundation, Inc. contributes 7.25% of the employees' compensation to the plan. In addition, eligible employees are entitled to make voluntary contributions to the plan. Total pension expense for the year ended June 30, 2015, was approximately \$200,000.

# **12. OTHER POSTEMPLOYMENT BENEFITS**

Members of the State Retirement and Pension System of Maryland and their dependents are provided postemployment health care benefits through the State Employee and Retiree Health and Welfare Benefits Program (the Plan). The Plan is a cost sharing defined benefit healthcare plan established by the State Personnel and Pensions Article, Section 2-501 through 2-516 of the Annotated Code of Maryland. The Plan is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to eligible state employees, retirees, and their dependents. The State does not distinguish employees by employer/State agency. Instead, the State allocates the postemployment health care costs to all participating employers.

Financial information for the Plan is included in the State of Maryland Comprehensive Annual Financial Report, which can be obtained from the Comptroller of Maryland, Louis L. Goldstein Treasury Building, Annapolis, MD 21404.

A separate actuarial valuation is not performed by the System. The System's only obligation to the Plan is its required annual contribution, which it has fully funded during the year ended June 30, 2015. The amount contributed for the year ended June 30, 2015 was \$66,676,601.

# NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2015

# **13. CONSTRUCTION COMMITMENTS**

The estimated costs to complete construction in progress as of June 30, 2015 is \$663,995,000, of which \$135,610,000 is to be funded from Revenue Bond proceeds, \$423,652,000 is to be derived from State capital appropriations and grants, and \$104,733,000 to be provided from System funds.

# 14. CONTINGENT LIABILITIES

The System has entered into future purchase commitments for natural gas and electricity, as a means of hedging its risk against fluctuations in price of an important fuel commodity and electricity supplies. As of June 30, 2015, the System had entered into open contracts for the purchase of \$3,949,000, of natural gas to be delivered monthly through June 2016. Future purchase commitments for electricity to be supplied through March 2016 totaled \$7,493,000 as of June 30, 2015. The System and its institutions generally take delivery of the natural gas and electricity purchased through future purchase contracts.

The System is involved in a number of legal actions that arise in the normal course of its operations. In the opinion of management, based on the advice of the State Attorney General, such actions, as well as any exposure to unasserted claims, will not have a material adverse effect on the System's financial position.

## 15. RISK MANAGEMENT

The System participates in State-wide self-insurance programs for many forms of risk of loss, including general liability, property and casualty, workers' compensation, environmental and anti-trust liabilities, as well as certain employee health benefit programs.

The System remits premiums to the State to cover costs of claims servicing and claims payments. The premiums are based on a percentage of annual payroll or are based on average loss experience, taking into account recent trends in actual claims experience, and providing for catastrophic losses.

The System records a liability when it is probable that a loss has been incurred and the amount of that loss can be reasonably estimated. Liabilities recorded include a provision for claims incurred but not reported. Because actual claims liabilities depend on such complex factors such as inflation, changes in legal doctrines, and damage awards, actual claims could differ from estimates. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors. Liabilities for incurred workers' compensation losses to be settled by fixed or reasonably determinable payments over a long period of time are reported at their present value using a 4% discount rate. The provision for workers' compensation is based upon a separately determined actuarial valuation for the fiscal year ended June 30, 2015. Settlement amounts have not exceeded insurance coverage levels for the years ended June 30, 2015, 2014 and 2013.

As of June 30, 2015 and 2014, the System has recorded \$30,000,000 and \$30,607,000 in liabilities associated with workers' compensation, respectively.

**REQUIRED SUPPLEMENTARY INFORMATION** 

# REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF PROPORTIONATE SHARE OF NET PENSION LIABILITY YEAR ENDED JUNE 30, 2015

The System's proportion of the net pension liability	4.049%
The System's proportionate share of the net pension liability	\$718,516,394
The System's covered-employee payroll	\$625,011,000
The System's proportionate share of the net pension liability as a percentage of its covered-employee payroll	115%
Plan fiduciary net position as a percentage of the total pension liability	71.87%

This schedule is presented to illustrate the requirement to show information for 10 years. However, information prior to June 30, 2015 is not available.

# REQUIRED SUPPLEMENTARY INFORMATION SCHEDULE OF CONTRIBUTIONS YEAR ENDED JUNE 30, 2015

Contractually required contribution	\$107,709,937
Contributions in relation to the contractually required contribution	(107,709,937)
Contribution deficiency (excess)	None
System's covered-employee payroll	\$625,011,000
Contributions as a percentage of covered-employee payroll	17.23%

This schedule is presented to illustrate the requirement to show information for 10 years. However, information prior to June 30, 2015 is not available.

## UNIVERSITY SYSTEM OF MARYLAND

## NOTES TO SUPPLEMENTARY INFORMATION YEAR ENDED JUNE 30, 2015

## ACCOUNTING AND REPORTING PRACTICES

## Supplemental data reporting units

University System of Maryland Office (System Office), composed of the offices of the Chancellor and Vice Chancellors and their respective staffs, provides central executive and administrative services and supports and coordinates the efforts of the entire System. The expenses incurred in connection with these activities records of the System Office.

## **Facilities maintenance expenses**

Certain expenses for facilities management for the System Office and the University of Maryland University College are included in the financial records of University of Maryland, College Park.

## System-wide financing arrangements

The System constructs, acquires, and renovates plant facilities using the proceeds of Revenue Bonds and other financing arrangements. The proceeds of System-wide financing arrangements are used in accordance with Board authorizations, which specify the projects for which the funds are to be used. Unexpended proceeds and a proportionate share of the outstanding debt obligation are reported on the financial records of the System Office.

Institutions are obligated to provide a proportionate share of the principal and interest payments attributable to auxiliary enterprises projects financed using the proceeds of System-wide financing arrangements. Currently, each instructional institution, with the exception of the University of Maryland University College, provides a portion of the debt service attributable to academic facilities. To the extent that an instructional institution provides (or receives) resources for debt service for academic facilities (and the proportionate share of the outstanding debt obligation) recorded on another System institution or unit, such amounts are reported as a Transfer To / (From) Other University System of Maryland Institutions on the Statement of Revenues, Expenses, and Changes in Net Position.
