State Regulations
State of Maryland Regulations

• R*STARS - - Relational Standard Accounting and Reporting System
  – State of Maryland General Ledger used for reporting, budgeting, etc.

• UMB Financials
  – UMB General Ledger
State of Maryland Regulations

• R*STARS and UMB Financials are two separate systems
  – Disbursements reviews UMB department payment requests for compliance
  – Disbursements processing includes sending paper documents to the State and sending electronic files to the State
  – UMB Disbursements transactions must be translated to conform to R*STARS “chartstrings”
State of Maryland Regulations

• R*STARS and UMB Financials are two separate systems
  – State personnel audit UMB payment requests before final payment approval
  – Sometimes adjustments are made by the State
  – Sometimes the State requests additional information
State of Maryland Regulations

- R*STARS and UMB Financials are two separate systems
  - R*STARS ledger must match UMB Financials (and vice-versa)
  - General Accounting is the UMB unit that reconciles R*STARS and UMB Financials monthly
State of Maryland Regulations

- What does all this mean?
State of Maryland Regulations

• According to State Regulations: The Comptroller of Maryland has authority over all State financial matters.
  – The General Accounting Division was established to oversee financial transactions of State agencies.
  – Agency fiscal personnel will be held accountable for the accuracy and content of their financial information in R*STARS.
State of Maryland Regulations - Invoices

- Original or Certified Original
- Not previously paid
- Include date received by UMB (on campus, department, Disbursements)
  - 25 days allowed for UMB processing and submission to the State
  - 25-day clock begins when the invoice is received by UMB
State of Maryland Regulations - Invoices

• No sales taxes

• Supporting documentation for reimbursements (e.g. lodging, airfare, etc.)

• Personal expenses that are not reimbursable – The State is clear on certain expenses such as flowers, gifts, food, etc., but may reject other expenses that are deemed personal.
  – Therefore, substantive documentation to support a business expense is critical
State of Maryland Regulations - Invoices

- No alcohol, fines, or punitive charges are reimbursable or may be paid directly to a vendor

- Working Fund transactions endure additional scrutiny because these checks are created and distributed within the university
  - The funds for Working Fund checks are “advanced” from the State
  - When UMB needs to replenish the Working Fund, UMB submits a payment request to the State
  - The State reviews the payments that were made through the Working Fund for compliance before agreeing to replenish our Working Fund
    - The State has less control over the funds before they are expended
    - After the fact – that is, the recipient has already received the funds and it is more difficult to retrieve funds
    - It is up to UMB to recover any funds that the State has deemed unacceptable
State of Maryland Regulations - Invoices

• Travel transactions and Research Study Participant Payments also endure additional scrutiny because of the volume and potential for fraud.

• Other:
  – Social Security Numbers and current mailing address are required
  – Timeframes for stop payments, reissues, inquiries, etc. are up to the State
“Agency fiscal personnel will be held accountable for the accuracy and content of their financial information in R*STARS.”

- UMB Financial Services is charged with developing policies and procedures that govern university financial transactions.
