

## Using the Transaction Detail Page (08/07/08)

1.	<p>Click the <b>RAVEN Inquiry</b> link.</p> 
2.	<p>Click the <b>Search</b> button.</p> 
3.	<p>Close the menu to give yourself maximum space for working and viewing data.</p> <p>Click the <b>Menu Collapse</b> button.</p> 
4.	<p>Click the <b>Transaction Detail</b> link.</p> 
5.	<p>When using Transaction Detail page, select the appropriate entries for the following areas:</p> <ul style="list-style-type: none"> <li>-- <b>View ID</b></li> <li>-- <b>Fiscal Year</b></li> <li>-- <b>Calendar Month Range</b> including <b>Thru</b> date</li> <li>-- <b>Chartfield</b> criteria</li> <li>-- <b>Amount Type</b> (Actuals, Pre-encumbrance, Encumbrance, or All)</li> <li>-- <b>Source</b> (if searching for only one type of transaction)</li> </ul>
6.	<p>In this example, we want to retrieve data that will allow us to review year-to-date transactions, including all <b>Amount Types</b> and all <b>Sources</b>.</p> <p>Since we are looking at the data on a fiscal year basis - even our grant data - we will use <b>View ID = All Activity by FY</b>.</p> <p>Let's set up the inquiry.</p>
7.	<p>First, clear the Transaction Detail page of any prior settings.</p> <p>Click the <b>Restore Defaults</b> button.</p> 
8.	<p>By default, the <b>View ID</b> is <b>All Activity by FY</b> and the <b>Fiscal Year</b> is the current FY - 2008 for this example.</p> <p>Set the time range.</p> <p>Click the <b>Calendar Month Range</b> list.</p> 

9.	<p>Select the first month of the fiscal year.</p> <p>Click the <b>2007-07 July</b> list item.</p> 
10.	<p>Select the Thru month - June 2008 for this example.</p> <p>Click the <b>2008-06 June</b> list item.</p> 
11.	<p>Next enter the <b>Owner Department</b>. If you have RAVEN access to one - and only one - <b>Department ID</b>, you will not need to complete this step.</p> <p>If you have access to more than one <b>Department ID</b> determine which data you need to retrieve and specify the appropriate <b>Owner Department, Project</b> or <b>Award</b>.</p> <p>In this example, we need to enter an <b>Owner Department</b>.</p> <p>Double-click in the <b>Owner Dept</b> field.</p> 
12.	<p>Enter the desired information into the <b>Owner Dept</b> field. Enter a valid value e.g. "<b>10213000</b>".</p>
13.	<p>Click the <b>*Amount Type</b> list.</p> 
14.	<p>The <b>Amount Type</b> area allows you to customize your inquiry to retrieve Actuals, Encumbrance, Pre-encumbrance or <b>All Amount Types</b>. In this example we will retrieve <b>All Amount Types</b>.</p> <p>Click the <b>All Amount Types</b> entry in the list.</p> 
15.	<p>Click the <b>Fetch</b> button.</p> 
16.	<p>The detailed data is available for download. Data is divided across 3 tabs. The download includes only data that is displayed on-screen.</p> <p>To download data from all 3 tabs, display all tabs on-screen.</p> <p>Click the <b>Show all columns</b> button.</p> 
17.	<p>Move to the far right side of the page to locate the <b>Download</b> button.</p> <p>Click to the right of the <b>Horizontal Scrollbar</b>.</p>

18.	<p>Click the <b>Download</b> button.</p> 
19.	<p>Click the <b>Save</b> button.</p> 
20.	<p>Name your file and save it to the desired location.</p> <p>Enter the desired information into the <b>File name</b> field. Enter "<b>TransactionDetailDownload_062708</b>".</p>
21.	<p>Click the <b>Save</b> button.</p> 
22.	<p>On some computers, saving a file directly from RAVEN to Excel saves a Web Page version of the file. (This sometimes occurs even though the File Type shows as 'Microsoft Excel Workbook'.)</p> <p>If this is true for your computer, open the file in Excel and save it in the desired format.</p> <p>Click the <b>Open</b> button.</p> 
23.	<p>Click the <b>Save As...</b> list item.</p> 
24.	<p>Depending on the work you are doing, you may wish to save RAVEN data as an Excel workbook. Further sorting, grouping and analysis are then completed using Excel's tools.</p> <p>If you wish to save your file as an Excel workbook, select Save as type: Microsoft Office Excel Workbook.</p> <p>However, if you are transferring RAVEN data to another database, you may need to save the file in CSV format (comma-delimited values). In this example, we will save the file in CSV format.</p>
25.	<p>Click the button to the right of the <b>Save As type</b> field.</p> 
26.	<p>For this example, select CSV for MS-DOS.</p> <p>Click the <b>CSV (MS-DOS)</b> list item.</p> 
27.	<p>Click the <b>Save</b> button.</p> 

28.	If you wish to use the same filename, confirm that you want to replace the existing file.  Click the <b>Yes</b> button. 
29.	Confirm that you wish to keep the workbook in CSV format.  Click the <b>Yes</b> button. 
30.	You're done! In a few simple steps you have learned to  -- set up a RAVEN inquiry from the Transaction Detail page -- retrieve and download detail data -- save your file to Excel as a workbook or in CSV format  You are now ready to analyze. <b>End of Procedure.</b>
