# **UMB Performance Management Program Evaluation Form Instructions for Staff**

This document in its entirety is guidance. It is not intended to replace existing policies, procedures, practices, or MOUs.

The Performance Management Program (PMP) is UMB's formal, annual process for employee evaluation and development. Participating in the PMP process is a critical responsibility for every supervisor, and it is expected that an evaluation be completed at the end of the performance cycle for each eligible employee. By using the process, employees are clear about goals, objectives, and expectations that are essential to an employee's development and overall success.
