AOST, Undergraduate Prosthodontics Lab Support Student Assistant

General Description
Under direct supervision and using clear written guidelines, the Lab Support Student Assistant is responsible for assisting in the preparation of materials and paperwork for Prosthodontic Labs as well as the fabrication of implant models. All duties are to be performed 100% on campus and may include but are not limited to, organizing and preparing dental armamentarium for students, ensuring that any student paperwork is updated and available for students at the appropriate time, and monitoring the collection of student typodonts to be graded. Will also perform other miscellaneous lab and office duties for labs.

Specific Duties
1. Meet with supervising faculty or staff member to discuss the assigned tasks.
2. Pour implant models using guided principles.
3. Package individual student supply kits according to the written guidelines for labs, pre-clinical classroom assignments, and assessments.
4. Assemble shared student supplies.
5. Copy all forms necessary for the assignment including Faculty Evaluation sheets, Self-Evaluation sheets, and Material Sign-in and Sign-out sheets.
6. Load all clearly labeled supplies on a cart for the supervising faculty or staff member to review.
7. Unpack cart of left over materials when assignment is complete.
8. Work with prep-dispense and other departments to procure any missing supplies.
10. Perform other similar tasks as asked.

Qualifications
Candidates from SOD are preferred.
1. Must be able to follow directions.
2. Must be able to maintain confidential information.
3. Must have good computer skills including the Microsoft Office suite.
4. Must be punctual and come ready to work the entire scheduled shift.
5. Must be pleasant and polite to students, faculty and staff.
6. Successful completion of IMPL 538 preferred.
