Office of Admissions – work study position (hybrid work environment)

Our office is continuing with a hybrid approach to interviews, with all applicant interviews conducted remotely, coupled with in-person opportunities for accepted students to visit and tour the campus. We will need students to coordinate the student volunteers for the remote applicant lunches and will also need students to facilitate the applicant lunches and tours for each interview day. Our work study students will also help with the in-person campus visits for the accepted students throughout the application cycle and our Open House for prospective students. Our work study students will be working virtually and on-campus.
