Health Insurance Requirement

Full-time students are subject to the mandatory health insurance requirement as noted below:

UMB professional and graduate students engage in all kinds of educational work on campus and participate in experiential education in the workplace — pharmacies, schools, hospitals, rehab units, field sites, community service centers, etc. As such, students face workplace risks but do not qualify for workers compensation insurance to cover workplace injuries or accidents on a no-fault basis. To ensure that UMB students have access to medical care and do not present an undue legal or financial risk to the University or its affiliates, students are required to have ACA-compliant health insurance. The UMB Student Health Insurance Plan (SHIP) provides the appropriate scope of coverage and protections through regulation by the State of Maryland Insurance Administration.

Coverage for the UMB SHIP 2019-2020 plan year begins on August 1, 2019. You can elect to enroll or waive by submitting the online Decision Form. **You must select one option.** The process and procedures to enroll/waive can be found at: [Health Insurance: umaryland.edu/studentinsurance/](http://www.umaryland.edu/studentinsurance/)

Full-time students will be billed until a waiver has been processed and approved.

Students who need their insurance cards by August 1, 2019 should complete the online enrollment application/decision form no later than July 15, 2019.

**Students who do not submit a Decision form - to either enroll or waive - by September 16, 2019 will be enrolled in the SHIP program with an August 1, 2019 effective date and the health insurance fee will remain on their student account.**
Health Insurance Requirement (continued)

Student Accident Insurance

All full-time students will be enrolled in and billed for the UMB Accident Only Insurance Plan. The Accident Insurance Plan is Excess (Secondary) insurance coverage to a student’s primary ACA compatible health insurance plan and covers deductibles, co-pays, and co-insurances so that out-of-pocket expenses to the student are minimized.

The Accident Insurance covers students while they are on the UMB campus and attending or participating in a UMB sponsored or recognized activity, including practicums. This includes traveling to or from the student's home, and campus, within the entire state of Maryland. The covered travel time includes the period before the student's required attendance time and the period after their dismissal or when they complete any extra duties.

Information regarding the Accident Insurance Plan can be found at the link below: Health Insurance: umaryland.edu/studentinsurance/
We want to highlight the following initiatives – many developed in collaboration with students and continue to be in development – designed to meet the diverse interests and needs of students:

- Diversity Strategic Planning & Action Planning based on the student campus climate for diversity survey results
- Creating websites that list current and new initiatives and resources for:
  - Students who are Parents
  - Veterans
  - Students Experiencing Food Insecurity
  - Resources & Opportunities that an be accessed online or virtually
- Scholars for Recovery: [www.umaryland.edu/recovery](http://www.umaryland.edu/recovery)
  - A student-led group that strives to provide a non-judgmental space for students in recovery from substance use disorders, and students curious about whether recovery is right for them, to discuss the unique challenges faced as graduate and professional students. Individuals who are not in recovery also welcomed.
