## CALL FOR PROPOSALS NOW OPEN

Authors are invited to submit abstracts for interactive sessions related to advances and best practices that promote inclusive education, learning, and assessment.

Submissions will be peer-reviewed for impact in the following areas:

- education and technology
- simulations and standardized patients
- evidence-based assessments
- active learning for belonging
- curriculum design

Submit your proposal [here](#) by March 15, 2023.

Presenters to be notified soon after.
