

ALLOCATION AND DISTRIBUTION OF PERSONNEL

WRITTEN DIRECTIVE:	4.11
EFFECTIVE DATE:	02-05-2001
REVISION DATE:	07-28-2017
SUPERSEDES EDITION DATED:	01-06-2017

Contents:

- I. Purpose
- II. Policy
- III. Personnel Staffing

I. Purpose

The purpose of this Written Directive is to establish procedures relating to the deployment of personnel by determining service demands through the use of workload assessments and through computer based and manual methods of personnel allocation and distribution.

II. Policy

It shall be the policy of the University of Maryland, Baltimore Police Force (UMBPF) that the allocation of human resources be consistent with this Written Directive.

III. Personnel Staffing

A. Staffing Table

1. The UMBPF has an organizational chart, vacancy listing memorandum and staffing level memorandum that provides the following information:
 - a. Total personnel strength as authorized by the University of Maryland, Baltimore Department of Human Resource Services;
 - b. Number of personnel by rank and job title, including civilians, within each organizational component;
 - c. Position status information, whether filled or vacant, for each authorized position in the organization; and
 - d. Allocation of police supervisors, police officers, security supervisors, security officers, and police communications operators per shift.
2. The vacancy listing and organizational chart shall be updated as necessary by the Chief of Police or the designee.

B. Allocation and Distribution of Personnel

1. The allocation of personnel to organizational components is based on workload assessments.

2. Factors considered in determining workload assessment are:
 - a. The nature and number of tasks as well as their complexity; and
 - b. Location and/or time required for completion.
3. The Chief of Police is responsible for using workload assessments to determine the need for the reallocation of personnel among organizational components.
4. Distribution of personnel is made in accordance with workload assessments in order to equalize individual workloads within each organizational component.
5. Workload assessments will specify all incidents and factors used, and indicate any temporal and geographic factors necessary to complete a task or to provide a service.
6. Information and data from job task analysis, shift activity reports, and other surveys are used to ensure workloads within each organizational function are distributed equally.
7. Established reporting areas are used to assist in the workload assessments of patrol personnel. These reporting areas ensure the proper distributions of police are assigned to geographical areas. Each reporting area is established based on the number and types of incidents, location and variation in workload.
 - a. The University of Maryland, Baltimore campus is divided into eleven (11) geographic police posts or assigned patrols as listed in **WD 6.1, Post Assignments**.
 - b. The distribution of patrol personnel, to include shift hours and post assignments, shall be reassessed quarterly and revised as necessary as discussed in **WD 1.7, Research and Planning**.
8. Established security posts are used to assist in the workload assessments of security personnel. Each security post is established based upon the security needs of the campus community. The current University of Maryland, Baltimore campus security posts are listed in **Appendix 6.1A.1, Campus Security Posts**.

C. Specialized Assignment Assessments

Specialized Assignments are reviewed and assessed annually. For further information, see **WD 12.6, Specialized Assignments and Training** regarding the requirements of the annual review.

D. Civilian Positions

1. Positions in the UMBPF not requiring sworn personnel are specified as civilian and staffed accordingly.
 - a. The UMBPF administrative and communications support staff are assigned to designated work functions and/or shifts.

- b. Assessment of the support staff takes into account qualitative work functions in addition to quantitative measures.
2. Sworn personnel may be temporarily assigned to civilian positions in the event of an emergency or if needed to broaden an officer's experience.
3. Sworn personnel will not be permanently assigned to civilian positions. Civilian position information, to include annual review requirements, can be found in **WD 4.12, Civilian Assignments**.

E. Workload Assessments

1. Every four (4) years the Chief of Police or the designee will reassess the distribution of personnel and the workload demands for each organizational function. This procedure is normally conducted when changes have occurred in tasks and/or objectives that impact on the workloads and distribution of personnel.
2. Data obtained from workload assessments shall be provided to the Chief of Police and the Deputy Chief.
3. Support Services is responsible for maintaining and distributing the data derived from workload assessments to the appropriate organizational components within the UMBPF.
4. After analyzing the data, the Deputy Chief will recommend actions as necessary to the Chief of Police.

Written Directive System Impact

Upon approval and publication, this edition of WD 4.11 supersedes all previous editions.

Martinez Quteaz Davenport, Sr., MS
Interim Chief of Police for Public Safety
