Traffic Accidents

501.1 PURPOSE AND SCOPE
This policy provides guidelines for responding to and investigating traffic accidents.

501.2 POLICY
It is the policy of the University of Maryland, Baltimore Police Department to respond to traffic accidents and to render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to established minimum reporting requirements with the goal of reducing the occurrence of accidents by attempting to identify the cause of the accident and through enforcing applicable laws. Unless restricted by law, accident reports will be made available to the public upon request.

501.3 RESPONSE
Upon arriving at the scene, the responding member shall assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

(a) Is within the jurisdiction of this department and there is:
   2. A fatality.
   3. A Department vehicle involved.
   4. A Department official or employee involved.
   5. Involvement of an on- or off-duty member of this Department.

(b) Is within another jurisdiction, depending on the location of the jurisdiction, and there is:
   1. A Department vehicle involved.
   2. A Department official involved.
   3. Involvement of an on-duty member of this Department.

501.3.1 MEMBER RESPONSIBILITIES
Upon arriving at the scene, the responding member should consider and appropriately address:

(a) Traffic direction and control.

(b) Proper placement of emergency vehicles, cones, roadway flares or other devices if available to provide protection for members, the public and the scene.

(c) First aid for any injured parties if it can be done safely.

(d) The potential for involvement of hazardous materials.
(e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, HAZMAT, tow vehicles).

(f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION
If a traffic accident involves a life-threatening injury or fatality, the responding officer shall notify the Shift Supervisor, or if unavailable, the Shift Commander. The Shift Commander or Shift Supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Commander will ensure notification is made to the Commander of the Operations Bureau or designee, in accordance with the Major Incident Notification Policy #327.

501.4.1 NOTIFICATION OF FAMILY
In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim’s immediate family or coordinate such notification with the law enforcement agency where the victim resides. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic accident shall not be released until notification is made to the victim’s immediate family.

In the event of a fatality, members involved in notification shall ensure that family members of the victim are provided with a victim’s representation notification form, and advised of their right to file the form, as appropriate (Md. Code TR § 12-206.1). The form allows family members to request notice of a hearing on a moving violation related to the victim’s death.

501.5 MINIMUM REPORTING REQUIREMENTS
An accident report shall be taken when (Md. Code TR § 20-107; Md. Code TR § 20-113):

(a) A fatality, any injury (including complaint of pain), driving under the influence, or hit and run is involved.

(b) An on-duty member of the Department is involved.

(c) The accident results in any damage to any Department owned or leased vehicle.

(d) The accident involves any other public agency driver or vehicle.

(e) There is damage to public property.

(f) The accident involves a public or private school bus.

(g) There is damage to any vehicle to the extent that towing is required.

(h) Prosecution or follow-up investigation is contemplated.

(i) Directed by a supervisor.

Accidents involving a Maryland Transit Administration (MTA) vehicle should be handled by MTA.
**Traffic Accidents**

501.5.1 PRIVATE PROPERTY
Generally, reports should not be taken when a traffic accident occurs on private property unless there is an injury or fatality, a hit-and-run violation or other traffic law violation. Members may provide assistance to motorists as a public service, such as exchanging information and arranging for the removal of the vehicles.

501.5.2 DEPARTMENT VEHICLE INVOLVED
A traffic accident report shall be taken when a Department vehicle is involved in a traffic accident that results in property damage or injury.

An incident report may be taken in lieu of a traffic accident report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a Department vehicle, a vehicle damage report (Form 95 or detailed memorandum) shall be completed and forwarded through the chain of command to the appropriate Bureau Commander. The traffic investigator or supervisor at the scene should determine what photographs shall be taken of the scene and the vehicle damage.

501.5.3 INJURED ANIMALS
Department members should refer to the Animal Control Policy and make appropriate notifications when a traffic accident involves the disposition of an injured animal or when learning that a domestic animal has been struck by a vehicle (Md. Code TR § 20-106(b)).

501.6 INVESTIGATION
When a traffic accident meets minimum reporting requirements the investigation should include, at a minimum:

(a) Identification and interview of all involved parties.

(b) Identification and interview of any witnesses.

(c) A determination of whether a violation of law has occurred and the appropriate enforcement action.

(d) Identification and protection of items of apparent evidentiary value.

(e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on the appropriate forms.

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY
The Shift Supervisor or Shift Commander shall request that the Baltimore Police Department's Crash Unit investigate and complete a traffic accident investigation when a life-threatening injury or fatal traffic accident/collision occurs within the jurisdiction of the University of Maryland, Baltimore Police Department.

Members operating department vehicles that are involved in a traffic accident outside of the department’s jurisdiction shall promptly notify the Shift Supervisor of the departmental accident. The traffic accident investigation and report shall be completed by the agency having jurisdiction.
501.7 ENFORCEMENT ACTION
After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the accident, authorized members should issue a citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS
Department members shall utilize forms approved by the MSP as required for the reporting of traffic accidents. All such reports shall be forwarded through the chain of command for review and approval. The Records Section will be responsible for filing the forms and ensuring they are retained in accordance with the established retention schedule (Md. Code SG § 10-615).

501.8.1 REPORT MODIFICATION
A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

501.8.2 RECORDS SECTION'S RESPONSIBILITIES
The responsibilities of the Records Section include, but are not limited to:

(a) Ensuring the monthly and quarterly reports on traffic accident information and statistics are forwarded to the applicable Bureau Commander or other persons as required.
(b) Forwarding traffic accident reports to the MSP (Md. Code TR § 20-107(f)).

**THIS FORM WILL BECOME PART OF THE PUBLIC RECORD.**
The Maryland Police Training and Standards Commission (MPTSC) must distribute the form to each law enforcement agency in the State. An investigating agency must provide the victim’s representative with a copy of the notification form in conjunction with informing the representative of the right to file the form, as specified. If a victim’s representative has timely filed a notification form and the violator has requested a hearing, the Motor Vehicle Administration (MVA) must notify (1) the victim’s representative of any suspension hearing because of the moving violation and (2) the Office of Administrative Hearings (OAH) that a victim’s notification form has been filed.

**DEFINITIONS**

**Victim:** A person who dies as a result of the commission of a moving violation by another person.

**Victim’s Representative:** A member of a family of a victim or the victim’s guardian or personal representative.

**Notification Requirement for Law Enforcement Officers:** During the investigation of a moving violation, existing provisions require a law enforcement officer to inform a victim’s representative of the right to file a victim’s representation notification form with MVA for notification of an offender’s suspension hearing. The investigating agency must inform a victim’s representative of this right during the investigation of a moving violation and provide a copy of the notification form at that time.

**Filing a Notification Form:** A victim’s representative must file a notification form at least 30 days before the driver’s suspension hearing on the moving violation.

**Notification Requirement for the Motor Vehicle Administration:** MVA is required under State law to provide a notice to a victim’s representative that contains specified information about an upcoming driver’s license suspension hearing at least 21 days before the hearing, including a notice that a copy of the license suspension hearing is available on request and of the cost to obtain a copy. The MVA is required to offer the copy of the hearing procedures to the victim’s representative at no cost.

**Additional Services Available in Maryland for Victims of Crime**

**VINE NOTIFICATION:** The State of Maryland provides all victims and victim representatives a second, automated system of notification for your privacy and convenience. VINE will provide you with court case and jail status information 24 hours/7 days a week. You may also register with VINE to receive phone notification the day before upcoming court hearings or the release or escape of an offender. When calling VINE, if you have any difficulty, please press “0” for the operator. While VINE provides you with automated notification, do not rely solely on VINE for your notification of court hearing events or local jail/state prison information. Please be aware that you may always contact your State’s Attorney’s Office and speak with a victim service provider for all your court related questions or concerns. Call VINE at 1-866-MD4VINE (1-866-634-8463) and follow the prompts or register for notification on-line at www.vinelink.com.

**VICTIM RIGHTS COMPLIANCE INITIATIVE:** As a victim of crime in Maryland, you have the legal right to: obtain information on the status of your case, attend all adult and certain juvenile criminal justice proceedings, request no contact with an offender, request restitution, request confidentiality, submit a written Victim Impact Statement and/or speak at sentencing/juvenile disposition, be informed of the release, transfer, escape, or death of an offender, attend, and speak at parole hearings. If you have unresolved questions about your rights or have a complaint regarding the criminal or juvenile justice system, you may contact the Victims’ Rights Compliance Initiative either by calling the Compliance Coordinator Monday through Friday at 410-697-9338.
