

myUMB Portal Introduction and Overview

The myUMB Portal is a modern and customizable application designed to be a “one-stop shop” to access all systems, applications, and news that are relevant to you personally. The details of what you see and have access to is based on your UMB security role and will differ slightly from the screen shots shown below.

Accessing the myUMB Portal

From any page on umaryland.edu, click **myUMB** in the banner at the top of the page.

Top Banner

Access to various features can be found in the top banner of the portal.

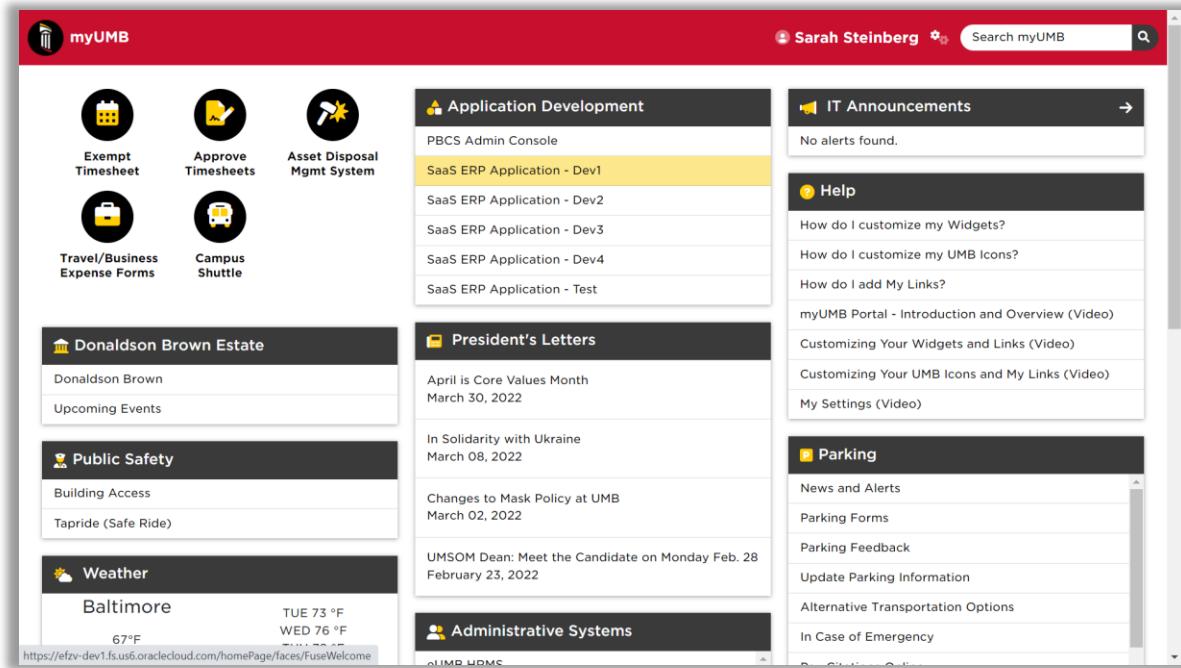

- **myUMB** – clicking this will bring you back to the home page, as pictured on the next page.
- **Your name** – clicking on your name to the right will display your profile, security groups and other ID related items.
- **My Settings (Gear icon)** – provides access to additional features including customizing the home page, reports, feedback and help.
- **Search myUMB** – ability to search for any item within the portal that you have permission to access.

myUMB Home Page

The home page is designed using widgets. Each widget represents a function, topic, or department.

The screenshot shows the myUMB Home Page with the following widgets:

- UMB Icons** (Pinned): Includes links to Exempt Timesheet, Approve Timesheets, Asset Disposal Mgmt System, Travel/Business Expense Forms, and Campus Shuttle.
- Application Development**: Lists PBCS Admin Console, SaaS ERP Application - Dev1 (highlighted in yellow), SaaS ERP Application - Dev2, SaaS ERP Application - Dev3, SaaS ERP Application - Dev4, and SaaS ERP Application - Test.
- IT Announcements**: No alerts found.
- Help**: Links to How do I customize my Widgets?, How do I customize my UMB Icons?, How do I add My Links?, myUMB Portal - Introduction and Overview (Video), Customizing Your Widgets and Links (Video), Customizing Your UMB Icons and My Links (Video), and My Settings (Video).
- Donaldson Brown Estate**: Includes links to Donaldson Brown and Upcoming Events.
- Public Safety**: Includes links to Building Access and Tapride (Safe Ride).
- Weather**: Shows Baltimore weather: 67°F (TUE 73 °F) and 76 °F (WED 76 °F).
- Administrative Systems**: Shows the URL <https://efzv-dev1.us6.oraclecloud.com/homePage/faces/FuseWelcome>.
- Parking**: Includes links to News and Alerts, Parking Forms, Parking Feedback, Update Parking Information, Alternative Transportation Options, and In Case of Emergency.

- In the upper left-hand corner is the **UMB Icons** widget. It provides quick access to applications/tools that are used by most UMB users (i.e. the UMB timesheet). This is pinned and can not be moved.
- Widgets -
 - Most widgets contain links to various applications that are relevant to the specific widget.
 - Some widgets are informational and contain an arrow in the widget banner that will open the appropriate UMB webpage for that widget.
- The home page is customizable. Users have the ability to remove or add widgets and links to the home page to coincide with their job role, responsibilities and interests.
- The portal is responsive to screen size. When maximized on a normal computer screen, the widgets appear in 3 columns. If the screen is sized down, the widgets will respond and move to either 1 or 2 columns.
